RICHMOND BY-LAWS.

A BY-LAW

To Provide for the Dyking and Draining of the Township of Stereston, in the Township of Richmond, and for Borrowing on the Credit of the Municipality the Sum of Ten Thousand Dollars (\$10,000) for Completing the Same.

WHEREAS a majority in number and value of the owners, as shewn by the last revised assessment roll, of the property hereinafter set forth to be benefited by the dyking and draining have petitioned the Council of the said Township of Richmond praying that the Council would, under the authority conferred upon Municipal Councils by the "Municipal Act, 1891," take the necessary steps for dyking and draining the said Township of Stereston, being composed of Sections 3 and 10, B. 3 N., R. 7 W., Lulu Island;

And whereas, thereupon the said Council procured an examination to be made by Garden, Hermon & Burwell, Provincial Land Surveyors, being persons competent for such purpose, of the said locality proposed to be dyked and drained, and has also procured plans and estimates of the works to be made by the said

Garden, Hermon & Burwell, and an assessment to be made by them of the land to be benefited by such dyking and draining, stating as nearly as they can the proportion of benefit which in their opinion will be derived in consequence of such dyking and draining by every lot or portion of lot; the assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said Garden, Hermon & Burwell in respect thereof and of the said dyking and draining, being as follows:—

"To the Reeve and Council of the Municipality of Richmond:

"GENTLEMEN,—We have made an examination of the Townsite of Steveston in connection with the proposed draining and dyking scheme and report as follows:—

"To effectually drain the Townsite it will be necessary to side-ditch both sides of the streets, the material to be scraped to form a road-bed between them.

"The earth-work in the dyke along Bayview and Moncton Streets should be completed in accordance with the accompanying plan.

"It is recommended that a row of protection piles should be driven outside the dyke at 8-foot centres and sheeted inside with 2-inch planking. The piles to be capped with 12-inch by 12-inch cap. The space between the sheet planking and the dyke to be filled with earth borrowed from an outside ditch if necessary.

"It is estimated that the various works will cost as follows, viz:—

"5,225 rods side-ditching, @ \$1.25...	\$6,531 50
"174 rods completing present dyke...	348 00
"400 piles furnished and driven, @ \$4	1,600 00
"90,000 feet planking, @ \$13.00.....	1,170 00
"34,000 feet caps.....	442 00
	\$10,091 50

"The benefits accruing to the lands drained and dyked in the Townsite coloured green on the accompanying plan are assessed as follows:—

"1st. That portion lying north of Broadway Street to bear one-half of the whole cost.

"2nd. That portion lying between Broadway Street and the Fraser River to be assessed the remaining half of the cost on account of the large expenditure of money on this part of the Townsite.

"Yours respectfully,

"GARDEN, HERMON & BURWELL,
"Surveyors & Engineers.

"Vancouver, Aug. 17th, 1891."

And whereas the said Council is of opinion that the dyking and draining of the locality described are desirable, and that a loan should be raised for that purpose, to be paid with interest in twenty years from a date hereinafter to be named;

And whereas the sum required for the purpose of completing the said work is \$10,000;

Be it therefore enacted by the Reeve and Council of the Municipality of Richmond:—

1st. That the said report, plans and estimates be adopted, and the works connected therewith be made and constructed in accordance therewith.

2nd. That the Reeve of the said Municipality of Richmond may borrow on the credit of the said Municipality the sum of \$10,000.00, being the funds necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than \$100 each, and payable in twenty years from the date hereinafter mentioned for this by-law to take effect, with interest at the rate of five per centum per annum, payable half-yearly on the 15th day of April and the 15th day of October in each and every year, such debentures and interest to be payable at the Bank of British North America, Vancouver, B. C., and said debentures to have attached to them coupons for the payment of interest.

3rd. That in order to create a sinking fund for the purpose of paying the said sum of \$10,000.00, being the amount charged against the said lands so to be benefited as aforesaid, other than lands and roads belonging to the Municipality, and to cover interest thereon for 20 years at the rate of five per centum per annum, the following special annual rate, over and above all other rates, shall be assessed, levied and collected at the same time and in the same manner as taxes are collected upon the under-mentioned lots or parts of lots, and the total amount of the said special rate and interest assessed as aforesaid against each lot or part of lot as aforesaid respectively shall be divided in twenty (20) equal parts, and one such part shall be assessed and levied as aforesaid in each year for twenty

WHEREAS by the provisions of the Vancouver Water Works Act 1886, and the Vancouver Water Works Act Amendment Act, 1891, it is therein provided that the Corporation of the City of Vancouver can acquire by purchase the works and property of the said Company at an amount to be fixed and settled by arbitration, on the said Corporation having given notice of its intention to acquire the same:

And whereas the said Corporation has duly given notice under the said Acts of its intention to purchase the works and property of the Company at a valuation:

And whereas Arbitrators have been duly appointed and acted under the provisions of the said Acts, and after hearing all the evidence adduced in that behalf on both sides and the arguments thereon, did on the first day of August, A.D. 1891, the time for making their said award having been first of all duly enlarged, under their hands and seals determine and award that the \$330,080.81 be the amount paid by the said Corporation to the said Company as the value of the said works:

And whereas certain costs and expenses have been incurred in and about the conduct of the said arbitration and incidental thereto, amounting in all to the sum of \$10,055.59.

And whereas by the 11th section of the Vancouver Water Works Act, 1886, Amendment Act, 1891, it is provided that to the amount so awarded and determined by the said Arbitrators shall be added the sum of twenty per centum thereon, and also a sum sufficient to make the net income of the Company sufficient to provide for the payment of ten (10) per centum per annum of the paid-up stock of the Company from the date of commencement of operation of the works to the date of the award, that is the first day of August, A.D. 1891, and such sum is computed to be \$33,847.44, making in all the sum of \$429,944.41 as payable under the provisions of the said Acts by the Corporation to the said Company for the whole of the plant, works, rights, privileges and property of the said Company:

And whereas for the payment of the said debentures, sinking fund and interest, it will be necessary to raise the sum of \$22,230.33 by special rate in each and every year:

And whereas for the purpose of raising the said yearly sum of \$22,230.33 an equal annual rate on the dollar will be required to be raised:

And whereas the whole rateable property of the City of Vancouver, according to the last Revised Assessment Roll, is \$11,997,952:

And whereas the total amount of the existing Debenture Debt of the City is \$656,000, irrespective of the sum of \$100,000 authorised to be raised for the purpose of subsidising a Dry Dock Company, of which none of the principal and interest is in arrears:
